

ROUND WARMERS

MODELS 4RW, 4RW-L, 4RW-P

FEATURES/BENEFITS

- Round warmers keep your product at the right temperature until ready to be served, requiring minimum counter space.
- Stainless steel body design for easy maintenance and durable performance.
- Wrap around heating elements with the highest wattage available provides maximum heating for refrigerated or frozen foods.
- Adjustable thermostat holds food product at desired temperature.
- Hi-limit thermostat prevents warmer from overheating.

Model 4RW: 4qt. Basic Warmer - requires optional SSB-4 inset bowl w/cover and ladle

Model 4RW-L: 4qt. Basic Warmer - lock ring and cover, accepts #10 or SSB bowl

Model 4RW-P: 4qt. Basic Warmer w/Star's patented pump, accepts #10 or SSB bowl

Model 4RW-4H: 4qt. Warmer with hinged lid and bowl (ladle optional)

Application:

These 4 quart, high performance warmers offer the right unit for high or low volume food service venues. Star's round warmers are excellent for warming soups, chili, gravies and hot fudge in a variety of foodservice operations including schools, restaurants and recreational facilities.

Quality Construction:

Star round warmers are constructed with high performance and low maintenance in mind. These units feature a high quality stainless steel body and stainless steel heat well. The stainless steel heat well provides long life, maximum performance, and is easier to clean than heat wells constructed of aluminum or similar materials. Round warmers come complete with skid resistant feet, a 6' lead in cord and NEMA plug.

Warranty:

Round Warmers are covered by a **one year** parts and labor warranty.
